Forecast for Monday 26 Jun 2023

Weather: Mainly dry and clear through the early hours. Then a bright, dry start to the morning with sunny spells but scattered showers will develop through the morning becoming locally heavy during the afternoon with a small risk of thunderstorms. The showers tend to die out through the evening with some late hazy sunshine around as cloud above the summits increases.

Chance of cloud-free hill tops above 700m: Close to 100% at first and again later but around 75% through the bulk of the day.

Low cloud and visibility: Occasional cloud above 450m developing by mid-morning then lifting above the summits by early afternoon, falling to nearer 600m in heavier showers. Otherwise visibility very good with some good views of surrounding hills, falling to several kilometres in heavier showers.

**Level above which ground is expected to be frozen/snow is expected to settle.*

Meteorologist's View

A much fresher feeling day than of late but the sunshine is still strong, bringing a risk of sunburn and dehydration.

Forecast for Tuesday 27 Jun 2023

Weather: Cloud above the summits continues to thicken through the early hours with outbreaks of rain developing by dawn. Then a mostly cloudy morning with occasionally heavy rain, but becoming brighter for a time around midday before showers or longer spells of rain spread east again in the afternoon.

Maximum wind: Southwesterly 15-20mph, with gusts around 35mph over ridges and summits, easing later

Chance of cloud-free hill tops above 700m: Little chance through much of the morning and again from mid-afternoon but around 40% around midday.

Low cloud and visibility: Periods or persistent cloud above 450-600m lowering to 300m at times in more persistent rain, but for a time around midday cloud becoming occasional or periods above 600-750m. Otherwise visibility good, falling to several kilometres in rain and showers.

Temperature: **Valleys:** Around plus 12 Celsius rising to 19 or 20 Celsius
At 700m: Around plus 9 Celsius rising to 13 Celsius
Freezing level: Above the summits
